## CURBSIDE GARBAGE COLLECTION

You will be furnished with a 95 gallon rollout cart to use for curbside collection of your household garbage.

**DON'T MISS THE TRUCK!**

Position your cart at the curb **in front of your residence no later than 7:00am** on the day of pick-up.

Your cart must be within five (5) feet of the road and at least (3) feet from obstacles (mailbox, fence, landscaping, cars, other bins, etc.)

Do not place cart under any low hanging overhead obstacles like limbs or power lines.

Carts are emptied by an automated side loader that is operated by the driver. Drivers will not exit the truck to adjust your cart if improperly placed.

All trash in the container must be drained of all liquids and bagged in paper or plastic bags.

All carts **must** have the lids closed, with no trash protruding from the top, for pick-up. Garbage will not be collected if it is not inside the rollout cart with the lid closed or in a special pre-paid "overflow" 30-gallon bag.

Bags may be purchased from local grocery stores such as Harris Teeter and Publix.
