St. Simons Pier Renovation Work Scheduled to Begin

GLYNN COUNTY, Ga- Renovation of the St. Simons Island pier is scheduled to begin Monday, February 7, 2011. The next phase of improvements to Neptune Park, construction activity at the pier will last approximately 120 days. Work will include renovations to the railing and roofing of the pier, as well as repairs to its concrete foundation. The total estimated cost of renovations is \$420,080.

The pier will be closed to the public Monday, February 7 thru Wednesday, February 9, 2011 during normal business hours (8 a.m.- 5 p.m.). After this initial closure, the pier will reopen to the public with limited usage for the duration of the project.

Design features for the completed project include standing seam metal roofing, accent cupola, decorative roof support trim and new wooden benches and railing.
