## **Glynn County declared for Individual Assistance**

GLYNN COUNTY, Ga.- The Federal Emergency Management Agency (FEMA) has granted Glynn County a declaration of Individual Assistance (IA). With this declaration comes assistance to small businesses as well. Individual Assistance aids homeowners without insurance and opens programs to insured owners.

FEMA will set up a Disaster Relief Center (DNC) at Howard Coffin Park (1402 Sonny Miller Way, Brunswick, GA) for both Glynn and McIntosh Counties. Representatives from FEMA will be on hand for pre-registration beginning tomorrow from 9:00 a.m. to 5:00 p.m.

In addition, you can visit [www.disasterassistance.gov](http://www.disasterassistance.gov) or call 1-800-621-FEMA (3362); (TTY 1-800-462-7585) to register for disaster assistance or get information about your application. FEMA also has a free app available in the Apple App Store or Google Play that provides disaster resources and allows you to submit disaster photos.

Representatives from FEMA will also be going door-to-door in various areas in Glynn County to help individuals register for disaster assistance. For your protection, please be sure that anyone offering assistance has a FEMA identification badge.
