Envision Glynn: Zoning Update

October 4 and 5, 2019

WALKABLE NEIGHBORHOODS: Should regulations be updated to allow for new development to be more walkable

OPEN SPACE: Should a minimum amount of open space be required in all new residential and commercial developments?

COASTAL REGULATIONS: Should regulations be strengthened near the coast to protect properties against hurricane damage and the effects of sea level rise?

DESIGN & ARCHITECTURE: Should there be quality design or architectural regulations for new buildings on St. Simons Island, the Mainland, or other specific areas?
