The Procurement Officer, also, may at any time, by issuing a Contract amendment, make changes in the details of the work. The County may, when changes are minor or when changes would result in relatively small changes in the Fee or Contract Time, elect to postpone the issuance of a Contract amendment until such time that a single amendment of substantial importance can be issued incorporating several changes. In such cases, the County shall indicate this intent in a written notice to the Contractor.

The Contractor shall, when required by the County, furnish to the County an itemized breakdown of the quantities and prices used in computing the value of any change that might be ordered.

16. PAYMENTS AND COMPLETION:

This schedule, when approved by the Administrator, shall be used only as a basis for the Contractor's application for payment.

b. Certificate for Payments. If the Contractor has made application for payment as above, the Contract Technical Representative will validate the application for such amount as is determined to be properly due, or state in writing the itemized and specific reasons for withholding an application as provided herein. After the Administrator has validated the application for payment, the County shall pay to the Contractor, within thirty (30) days, the amount covering services or work performed or completed. No application for payment, nor any payment, shall constitute an acceptance of any work or service not in accordance with the Contract Documents.

c. Failure of Payment. If the Contract Technical Representative should fail to approve an application for payment, through no fault of the Contractor, within seven (7) days after receipt from the Contractor, or if the County should fail to pay the Contractor within thirty (30) days after receipt of the Contract Technical Representative's approval for Payment, then the Contractor shall receive interest on the balance due with the interest being one percent (1%) per month not to exceed three (3) months (3%).
