Coaches must provide GCRPD with a copy of the printed certificate verifying that he/she completed the online concussion training prior to the start of the season. These can be sent via email to glynnrec@glynncounty-ga.gov or dropped off at the GCRPD Office (323 Old Jesup Rd).

Online Training Course Options:

- CDC Heads Up: Concussion in Youth Sports
<https://www.cdc.gov/headsup/youthsports/training/index.html>
- NAYS Concussion Training for NYSCA Coaches
<http://www.nays.org/nyscaonline/preview/concussion-training.cfm>

RECOMMENDED TRAINING-

MANDATED REPORTERS

Georgie law requires recreational volunteers to report suspected child abuse. More information about this law can be found at this link: http://www.georgialibraries.org/dir_mtg/12_2012/Mandatory-reporting-child-abuse-Nov-2012.pdf.

Volunteers need to be informed of their responsibilities pertaining to this law and know what signs to look for in order to spot abuse. With that said, GCRPD's Athletics Division recommends that all volunteer coaches complete the **FREE Online Training Course listed below:**

- Mandated Reporters: Critical Links in Protecting Children in Georgia
<https://www.prosolutionstraining.com/menu/?clearFilter>

*Please note that this course is under the Health and Safety Section and the link should take you directly to the list of courses. You will need to set up an account and login to add the program to your cart.

GCRPD also recommends basic First Aid and CPR training.

COACHES MEETING

2. Program Evaluations will be given out to each coach at the end of the season in the form of an online survey.

COACHES' RESPONSIBILITIES

Approval: Any applicant whose records fail to reveal a criminal record or a pending charge shall be approved, unless denied based on some other policy of GCRPD. Approval shall be valid for a period not to exceed twelve (12) months. Applicants who successfully pass the background check are not guaranteed a volunteer position with GCRPD. The background check is just one step in the process.

EQUIPMENT CHECKOUT/RETURN

1. The GCRPD will supply equipment that is needed for each sport.
2. The coach must sign for the coaching equipment and return it as issued.
3. The coaching equipment should be returned to the recreation office where it was checked out after the last scheduled game.
4. Youth equipment that is checked out must be returned after the final game.

TROPHIES AND TEAM PARTIES

The GCRPD is not responsible for the setting up or buying of any team trophies, or parties. Each child and coach will receive a participation certificate from the GCRPD. Anything extra will be at the expense of the coaches and parents.

PICTURES

The GCRPD is not responsible for team pictures. It is GCRPD's recommendation for all coaches to have their team and individual pictures at the beginning of the season, so they are returned to the team before the end of the season. It is not the responsibility for GCRPD staff to distribute trophies, pictures or awards for a coach or team.

FORFEITS

For all games scheduled after 5:30 p.m., game time is forfeit time. Unforeseen circumstances will be at the discretion of the GCRPD.

DRAFT POLICY

The purpose of a player draft is to make all teams as fair as possible. For all sports through the GCRPD, the following draft procedures will be administered.

1. GCRPD reserves the right to modify draft procedures in the best interest of Glynn County Recreation Department.
2. **All Head and Assistant Coaches** will be selected prior to the draft. Any volunteer who wishes to be a coach will submit their coach's application before or during the registration period for that sport.
3. All players on the draft roster will be evaluated prior to the selection process.

4. All **head coach and assistant coaches** that are present for the draft will have their child placed on the draft roster in a slot determined by the GCRPD so that we have consistency in equal ability players on each team. GCRPD wants to have all teams once selected, as equal as possible as far as player ability is concerned.
5. All **head coaches** will draw a “draft order chip” to signify the draft order in which they will draft. The team with chip #1 will draw first if they do not have a player already placed in the 1st round slot due to their child or the **assistant coach’s** child pre-draft rating placement. Team #2 will go next and so forth. Once all teams have selected a first round pick or have a player placed in the first round slot then the team with the highest draft chip number will begin the 2nd round and we will continue drafting in reverse order (from the highest chip # to the #1 chip). This process will be done until all players are drafted from the draft roster.
6. If a child does not participate in any on-site evaluation, they will still be eligible to be picked in the draft if they are known to GCRPD staff or over half of the coaches in the draft room and a grade is agreed upon by everyone in the draft room. After the draft is over, those players not attending a mandatory evaluation and unknown to GCRPD staff or the coaches will have their names placed in a hat and drawn out by the coaches.
7. The draft will be open, and a coach may select any player from the draft roster no matter what the age is or their ability level.
8. A parent may request that their child NOT play for a particular coach, but this must be approved by the GCRPD Director or his/her designee.
9. No swapping of players will be done after the draft is over (unless approved by the department). A coach found playing (practice or games) a player not officially on their official GCRPD roster will be required to meet with GCRPD management to determine if any future coaching privileges will be allowed.
10. Official GCRPD Rosters will be printed out for each team designating their Official Team. No other player may be on the field during practices or games that are not on the official GCRPD roster.
11. Only the **head coach and/or ONE assistant coach** are allowed in the draft room. **No other parent, coach or child will be allowed in the draft room.**

PRACTICE TIMES

1. The coach(es) shall coordinate with the Glynn County Recreation and Parks Department for practice times and places. If additional practice times are desired other than those assigned by the Recreation Department, it will be up to the coach to locate and secure those facilities desired.
2. The coach shall make a diligent attempt to practice all skill areas of their respective sport throughout the practices, so that the youth in your program have a chance at bettering their skills for that sport.
3. The Recreation Director, or designee shall reserve the right to make any decisions pertaining to the practice times, places, and/or content.

GAME RESCHEDULING

1. Game cancellations due to inclement weather will be updated on our weather hotline at 912-554-7781. A decision regarding evening programs will be made at 4:00 p.m. It is the coach's responsibility to contact their players.
2. School events are the only events for which games will be rescheduled; the GCRPD must approve any other game rescheduling ahead of time. High school or middle school athletic activities will not be considered a school function, i.e. Glynn Academy vs. Brunswick High basketball game.
3. Coaches must give the GCRPD advanced notice as well as a list of the players involved in the function. If a coach has the required number of players to start the game, then games will be played. (See the guidelines listed below)
4. Coaches will not be allowed to swap games times or dates.

SCHOOL FUNCTION

The only time a game will be rescheduled will be if there is a conflict with a school function. However, for a game to be rescheduled, a team must drop below the minimum number of players needed to play. If a coach has a conflict with a school function, he/she should:

1. Give a list of players involved at least one week in advance of the scheduled game;
2. Give a description of the school function along with the name of the school;
3. The information should be received within seven (7) days prior to the game he/she is requesting to be changed;
4. NOTE: A school dance or sporting event is NOT considered a school function for GCRPD purposes.

PROTESTS

1. All protests should be handled on site by GCRPD Athletic staff.
2. If a protest cannot be handled at the site, then a written report from the head coach should be made to include time of protest, score when protest was made, who made the protest, and reason for the protest.
3. Upon filing a protest, the head coach must submit a check for \$25.00 and a written explanation on what he/she is protesting within 24 hours. The GCRPD staff person involved will also submit a written report.
4. Once the protest has been filed there will be a three-person committee formed to review the protest.
5. If the committee upholds the protest, then the coach will get their \$25.00 back and the game will resume from the point of the protest. If the game is ruled a forfeit, then it will not be replayed.
6. If the committee overrules the protest, then the game will stand as played and he/she will not get their \$25.00 back.

ALL-STAR PROGRAM

1. GCRPD participates in some post season GRPA play.
2. All coaches participating in any post season GRPA event will follow all guidelines as outlined in the GCRPD Policies and Procedures. Failure to do so will result in an automatic removal as the all-star coach.

ALL- STAR GUIDELINES

1. GRPA and the National Federation of High School Athletics (USA for softball and U.S. Youth Soccer for soccer) govern the All-Star programs.
2. If anyone wants a copy of the GRPA rules they should contact the GCRPD or visit the GRPA website at www.grpa.org.

ALL-STAR ELIGIBILITY

1. Teams and individuals participating in athletic functions of GRPA must be an integral part of an agency's local program before they are eligible to represent that agency in GRPA competition with all youth achieving the age of 7 by the age control date for a particular event.
 - a. An "integral part of an agency's local program" is defined as individuals who participated during their current season in the activity in question and under staff supervision of that agency. Participation means registering and being a part of that agency's program as required by the local Director.
 - b. Agencies shall not recruit players for the sole purpose of competing in GRPA athletic functions.
 - c. An all-star team must be composed of players from teams that are an integral part of a n agency's local program.
 - d. If an agency enters a team (only team from agency/no all-star selection completed in age division) that will advance straight to State the agency must provide proof of participant registration through the agency by entering the team. This documentation is due at district entry meeting/deadline and signed off by the district athletic chairman.
2. Eligibility involving local participation is left to the integrity of the agency director. The Director shall be prepared to make available substantial proof of local participation through such means as score books, registration materials, agency records, new releases or other such evidence requested by the State Athletic Committee Chair or District Commissioner from the agency's district.

NOTE: GCRPD requires that a player has to play in the designated league for the season to be eligible for the All-Star program (i.e. a child playing Midget Baseball can play with the Midget All-Star team only). To be eligible for GCRPD all-star teams, a player must have participated in the designated league more than 50% of the regular season of games. Players added to teams after 50% of games are played are not eligible to be nominated for All-Stars. If a player is a legal player in the program, they are eligible to be chosen to All-Stars.

ALL-STAR COACH SELECTION

1. The all-star coach will be selected through an election process that includes all coaches in the league that are in good standing with GCRPD and members of GCRPD Athletics staff. Each coach in the respective league will be asked to cast a vote for a fellow coach that is in good standing with GCRPD that he/she feels is deserving of the honor. GCRPD Athletics staff will cast two (2) votes for a coach of the respective league. GCRPD Athletics staff have the authority to break any potential ties.
2. The head coach of an All-Star team must be NAYS certified.

ALL-STAR PLAYER SELECTION

1. All head coaches will be asked to nominate as many players as he would like from the league for the All-Star program via a nomination form that is emailed to all head coaches. A meeting may then be scheduled with all head coaches and GCRPD staff. If a meeting is not scheduled, a nomination ballot will be sent via email to all head coaches.
2. A representative from each team (either head coach or assistant coach) should attend the All-Star meeting if one is scheduled. If a representative is not present, it could result in a loss of coaching privileges in the future.
3. The coaches will collectively (by vote) agree on a specified number of players, not to exceed the maximum roster limit, with the All-Star coach filling the final 3 picks of the roster with whomever they want from the nomination list.
4. If a player quits the All-Star team, the coach must contact a representative from the GCRPD before selecting another player from the nomination list.

LIGHTNING PREDICTION SYSTEM POLICY & PROCEDURES

The Glynn County Recreation & Parks Department has recently completed the installation of a “Lightning Prediction System” at the North Glynn Recreation Complex and at the Neptune Park Fun Zone on St. Simons Island, Georgia.

This new system detects the static buildup in the atmosphere in which lightning forms. If the static buildup gets above a pre-set amount in the system, an audible alarm and strobe light will be activated for 15 seconds. This will be done prior to the lightning having enough static electricity to form within the set detection zone and give patrons in the park advance notice of incoming bad weather with lightning.

The system will monitor the storm and determine if it is going away from the sensor or towards it. It has a pre-set radius to detect lightning within that radius. Lightning strikes outside that radius will not be detected by the system. This may be the reason you may still see lightning and the system not activated. Once the static buildup has dropped below the threshold for lightning to form, a second audible alarm and strobe light will be activated for three 5 second bursts signaling it is safe to return to previous activities.

Coaches must immediately remove all players from the field of play when the lightning detector goes off and will not allow any player or member of their team to enter back on to the field of play until such time as the lightning prediction system sounds the all clear alarm of three 5 second bursts indicating that it is safe to return to the field of play. Players are not to remain in the dugouts when the system goes off and the field is cleared. It is recommended that all players return to their parents/guardian vehicles until such time that it is safe to return

NOTE: If you arrive at the complex and you see the yellow strobe light blinking, this means that the lightning system has been activated and is monitoring the storm system. Do not put any children on the playing field until the all clear siren sounds three 5 second bursts and the strobe light turns off.
