MEMORANDUM

TO: Board of Commissioners
THROUGH: Pamela Thompson, Director of Community Development
FROM: Paul Andrews, County Engineer
DATE: September 16, 2021
SUBJECT: Water Resources Protection Ordinance Amendments
Update to effective date

REQUEST:

Change the effective date of the WRPO Amendments from October 4, 2021 to November 5, 2021

BACKGROUND:

At the meeting on May 20, 2021 the Board adopted changes to the Water Resources Protection Ordinance and authorized the ordinance amendment to become effective on October 4, 2021. The Water Resources Protection Committee has been working to prepare recommended changes to the Local Design Manual that will support and implement the ordinance amendment, however those recommended changes are not yet finalized. Staff is requesting that the implementation dated of the ordinance amendment be pushed back a month to allow the committee additional time to finalize the recommended changes to the Local Design Manual and get it to the Board for approval.

DRAFT CODE:

The ordinance change adopted in May remains unchanged with this item.

RECOMMENDED MOTION

I move to change the effective date of the amendment to the Water Resources Protection Ordinance from October 4, 2021 to November 5, 2021
