The County may, when changes are minor or when changes would result in relatively small changes in the Fee or

Contract Time, elect to postpone the issuance of a Contract amendment until such time that a single amendment of substantial importance can be issued incorporating several changes. In such cases, the County shall indicate this intent in a written notice to the Contractor.

**b. Changes in Fee.** The Fee shall be changed only by a mutual agreement by the Contractor and the County transmitted as a Contract amendment. The value of any work covered by an amendment or of any claim for increase or decrease in the Fees shall be determined by one or more of the following methods in the order of precedence according to the following list:

1) By estimating the number of unit quantities of each part of the work which is changed and then multiplying the estimated number of such unit quantities by the fee Proposal for a unit quantity thereof.

2) The County shall fix the total lump sum value of the amendment in the work of the Contractor, and shall set out the price which shall be added to or deducted from the Fees.

#### **16. PAYMENTS AND COMPLETION:**

This schedule, when approved by the Administrator, shall be used only as a basis for the Contractor's application for payment.

**b. Certificate for Payments.** If the Contractor has made application for payment as above, the Contract Practical Representative will validate the application for such amount as is determined to be properly due, or state in writing the itemized and specific reasons for withholding an application as provided herein. After the Administrator has validated the application for payment, the County shall pay to the Contractor, within thirty (30) days, the amount covering services or work performed or completed. No application for payment, nor any payment, shall constitute an acceptance of any work or service not in accordance with the Contract Documents.

**c. Failure of Payment.** If the Contract Practical Representative should fail to approve an application for payment, through no fault of the Contractor, within seven (7) days after receipt from the Contractor, or if the County should fail to pay the Contractor within thirty (30) days after receipt of the Contract Practical Representative's approval for Payment, then the Contractor shall receive interest on the balance due with the interest being one percent (1%) per month not to exceed three (3) months (3%). ARTICLE 2. The Contractor agrees to commence the project included in this Contract on a date to be specified in a written Notice to Proceed and shall be fully completed within a period of **[DAYSPELLED] ([daynumber])** consecutive calendar days after the effective commencement date. Time is of the essence and is an essential element of this Contract, and the Contractor shall pay to the County, not as a penalty, but as liquidated damages, the sum of **[dollarspelled] DOLLARS (\$[dollarnumber])** for each calendar day that he shall be in default of completing the work within the time limit named herein. If the Contractor abandons the contract before commencement of the work or defaults in completion of all the work after commencement thereof, the Contractor shall be liable for such liquidated damages.

These fixed liquidated damages are not established as a penalty but are calculated and agreed upon in advance by the Owner and the Contractor due to the uncertainty and impossibility of making a determination as to the actual and consequential damages incurred by the County and the general public of Glynn County, Georgia as a result of the failure on the part of the Contractor to complete the work on time. Such liquidated damages referred to herein are intended to be and are cumulative and shall be in addition to every other remedy now or hereafter enforceable at law, in equity, by statute, or under the Contract.

ARTICLE 3. The County agrees to pay the Contractor, in current funds, for the performance of this Contract the sum of **[BIDAMOUNTSPELLED] DOLLARS (\$[BidAMOUNT])**, which sum shall also pay for all loss or damage arising out of the nature of the project aforesaid, or from unforeseen obstructions or difficulties encountered in the performance of the project and for all expenses incurred by, or in consequence of the project, its suspension or discontinuance, and for well and faithful completion of the project and the whole thereof, as herein provided.

ARTICLE 4. The County and Contractor agree that the Specifications, and all Addenda thereto together with this Agreement, form the Contract and that such Specifications are as fully a part of the Contract as if attached or herein repeated. The Contractor, recognizing the particular requirements of the County budgetary process, agrees to waive the terms of O.C.G.A. Section 13-11-1 et seq., known as the "Georgia Prompt Pay Act". Contractor agrees that the work and services required by this contract may require inspection and approval of the County's Engineer/Architects or consultants and that the time for payment shall be tolled for a reasonable time as required for said inspection and approval. Contractor further agrees to toll the time for payment herein under for an additional and reasonable period of time for the Contract Technical Representative overseeing the project or work contemplated by this agreement to approve the work and/or services performed. Once the necessary installation and approvals by the Engineer/Architects or consultants and Contract Technical Representative have been made, the County shall have 30 working days from approval by the Contract Technical Representative in which to pay the Contractor; subject to any documentation requests by the County as necessary to allow the County to evaluate the completeness and accuracy of monies due. A ten (10%) percent retainage may be instituted by the County at any time in accordance with laws of the State of Georgia.

To the fullest extent permitted by laws, statutes, rules and regulations, the Contractor shall indemnify and hold harmless the County, Engineer/Architect, Engineer/Architect's Consultants and the Officers, Directors, Employees, Agents, and other Consultants of each and any of them from and against claims, costs, damages, losses, and expenses, including but not limited to all fees and charges of Engineer/Architects, architects, attorneys and other professionals and all court costs, arising out of or resulting from performance of the work, but only to the extent caused in whole or in part by negligent, reckless, willful and wanton, or wrongful acts or omissions of the Contractor, its Officers, Directors, Employees, Agents, and anyone directly, or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, cost, damage, loss, or expense is caused in part by a party indemnified hereunder, except that no party shall indemnify any other party or person for their own sole negligence.
