QUESTIONS AND ANSWERS

June 19, 2023

Subject: Right of Way Mowing and Grounds Maintenance for Saint Simons Island Project FY23 IFB23036

Thank you for your interest in this project. The original posting date was May 26th, 2023 with a closing date of June 28th, 2023.

The following questions were received and then passed on to the respective project manager for responses. The questions are in the questioner's own words. Unless otherwise noted, the responses to the questions are in the project manager's own words. If more questions arise due to the responses here, please email me as soon as possible with the question and I will pass it along for clarification and post all responses once I have them.

The following clarifying questions were submitted:

Question #1: Task 1 Round about: All edging that touches yellow and the turf up on the curb? How far down? Between curb and sidewalk at CVS or all the way to shrubs?

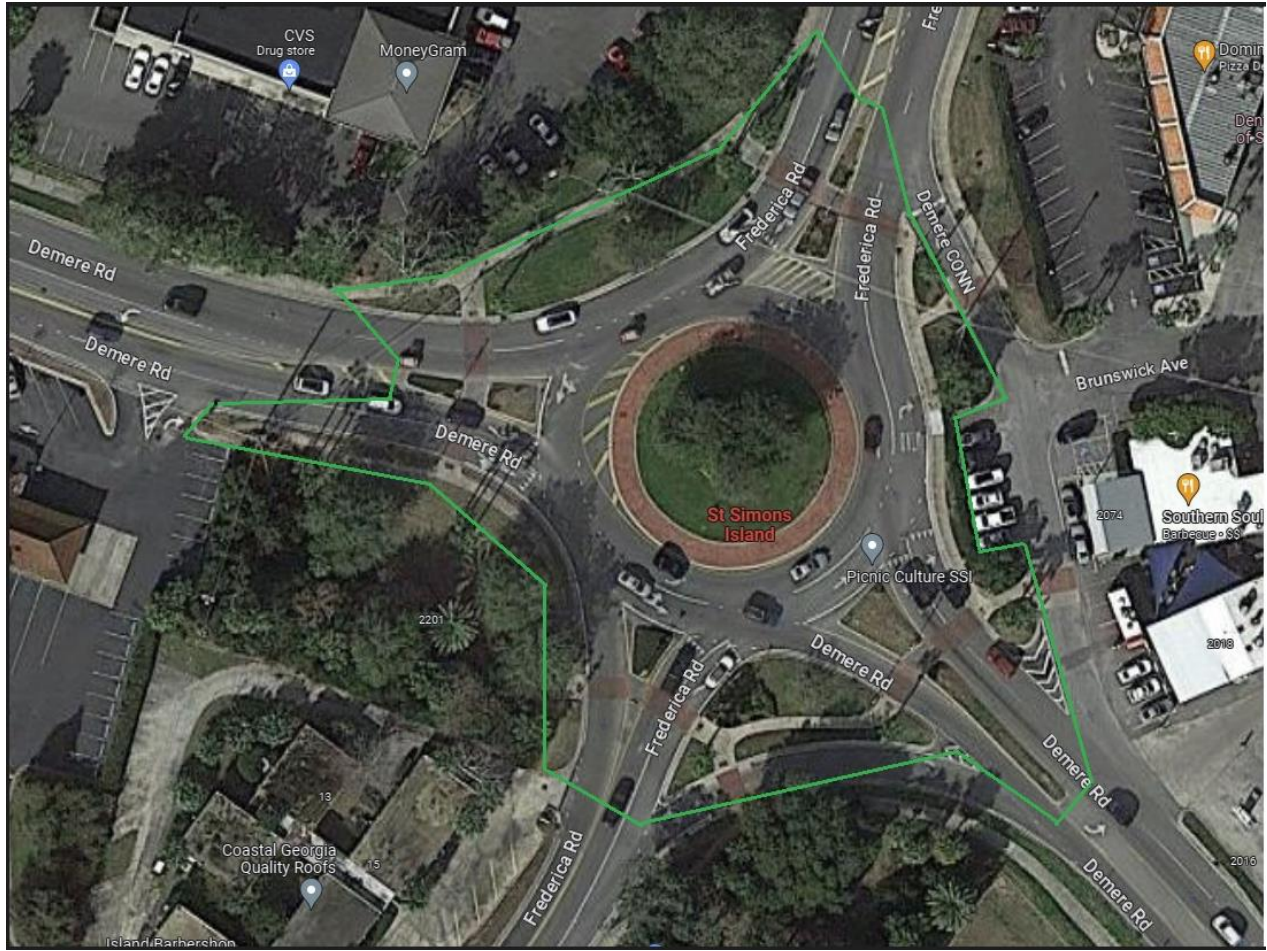

Answer #1: All edging within the green boundary is required – all seven smaller islands, sidewalks, and curbs.

Question #2: Task 2 Lawrence Round: Outside how far off road is right of way? Any of cemetery side?

Answer #2: All areas to surrounding fences are included – Cemetery side is to tree line. See attached Map.

Question #3: Task 5 round at Grey Owl and Island townhomes: Go up to AA building fence? Does yellow road on either map mean keep going down the road?

Answer #3: The satellite imagery is not updated unfortunately so I cannot make a clear map – Essentially it is the roundabout, the field on the side by the AA building, and approx.. 100' down each road. Grey Owl manages the ROW on their side.

Kind regards,

Resden Talbert
Procurement Officer
Glynn County Board of Commissioners
